3. DISCUSSION WITH CHANCELLOR KLAICH

President Gordon addressed the issue of how the information about the NSHE South building, board room furniture and AV equipment will be. Chancellor Klaich informed that the price of the overall expenditures are not determined will be announced when the budget has been set. As the school goes up in price, is a raise a possibility? It's been about 5 years since DRI has seen a raise, President Fraser stated that it's important to fix increases within tuition to their respective institutions. Senate Bill 391 committee has been appointed, they began to plan on meeting in January with six planned meetings for the year of 2014. The committee is on a slow start but it is still too soon to guess on the agenda what item will be brought up. The issue of service areas are to be discussed at the special Board of Regents meeting in November. The regents main concern is to discuss what's are the necessary improvements to get the process going in getting things done. President Gordon brought up the topic of individual institution tuition increases. With response, Chancellor Klaich mentioned there is more room to increase it in the university level but it will be a lot more difficult for the community colleges. There is no intentions to increase tuition and fees until the tuition and fees committee brings up some recommendations. There were are plenty of chances for input for the people voices to be heard with these increase in tuition which will be ready to put on the agenda for the board meeting in March. The E-learning committee had limited progress in the first meeting with a lot of good vibes for the goals. It's also on the aggressive time crunch. Budget hearings for each institution is set in place.

There's no update, but is to be tabled until the December

but we need to remind students about the resources brought by these increases. Through WICHE, trending states help influence how tuition increases might be raised. It is highly advised to bringing up the affordability to the legislature for more state supported aid. The good neighboring discount along with other discounts have been cut because of the budget cuts.
