EXECUTIVE COMMITTEE MEETING

March 19, 1938

The Executive Committee met in the President's Office at 10 o'clock Saturday, March 19th, all members being present.

Comptroller Gorman reported that a recheck of cubic yardage by Mr. Boardman showed 609.2 cu. yds., the figures Mr. Maxwell Wright submitted for the PWA on March 16th. n

For each cubic yard, the University must furnish 6 sacks of cement at 80 cents

Mr. Ross

Aye

Chairman Ross, as Property Committee, reported that he was not yet ready to make a complete report on the safety recommendations of the Fire Chief but that he, Dean Thompson and Mr. Gorman had gone over these recommendations and it seemed likely that most of them could be met with a minimum of expense to the University, aside from the proposed change of women students from Manzanita to Artemisia Hall. This matter would need to be gone into with Miss Mack sitting in at the discussion.

Chairman Ross moved that the Acting President notify staff and students that between the hours of 8 A.M. and 4 P.M. during days the University is in session, on the paved driveway extending north from the University gates to the intersection with the road leading from Virginia street

NOTE: Without meeting, the members of the Executive Committee rescinded their earlier action of March 16th, and, at the request of President Clark, re-elected Dr. Charles L. Stewart to be Assistant Professor of History and Political Science for the year 1938-39 at no increase in pay. This action was later confirmed by the Regents on May 7th.
