Board of Regents Special Meeting, December 12, 2023

Public Comment or New Business

No Position stated – Concerned or Neutral

I would like to propose for consideration by the Board that they review, research, investigate, and propose potential changes to the search committee processes within the NSHE system to ensure safety and anonymity to search committee participants. I am an active and involved member of position searches. The shooting at UNLV this week has deeply impacted me and has made me reconsider my involvement for my own safety. Please sincerely consider this suggestion. Search committees are already really hard to fill in addition to staff's position obligations. The search committee process is already a time consuming, lengthy and involved procedure. At this point, maintaining involvement in searches will be a challenge and this will inherently impact recruitment endeavors.

Board of Regents Special Meeting, December 12, 2023

Support of Dr. James McCoy for Interim CSN President

In Favor

My name is Jonathan Boarini, Chair of the Media Technologies Department at the College of Southern Nevada. I am writing to express my support of nominating Dr. James McCoy as Interim President of the college.

Throughout my time knowing him and observing his performance, he has demonstrated to possess the qualities desired in an academic leader. He has the experience, personality and competence to implement and communicate the CSN mission. By rising through the ranks in our college, he has acquired detailed knowledge of our institution, its challenges, and the people who make it special.

Sincerely,

Jonathan Boarini
Department Chair
Media Technologies

Edmund Boog

SA / SCS Faculty Senate Chair

Board of Regents Special Meeting, December 12, 2023

General Public Comment

No Position stated – Concerned or Neutral

My name is Ed Boog and I'm the Faculty Senate Chair for SA/SCS.

The tragedy on the UNLV campus has opened several issues with protecting our campuses. We are thankful for the first responders that acted quickly and saved many lives.

Here are some points of interests that we would like you to consider:

- Mandatory emergency training on campuses for everyone – What to do, where to go, what to expect from first responders, where to get help after an emergency.
- We would like to have active alerts on all NSHE cell phones – maybe there's more than one campus involved (Like UNLV and DRI)
- One app for all NSHE (Not an app for UNLV and another one for UNR etc) – This App needs to be secure, fast, with updated communications and action plans. There are software programs that can monitor issues across the US in real time that may give advance warning signs.
- Police need to have secure communications with other agencies and campus leaders.

Thank you for your time.

enough so that we never stop fighting this prison of gun violence, never, until each woman and man is free, until we are held all together in the custody of our humanity.
